IEP/IFSP Request

Because of the diverse set of needs of the children in our program, it is important to gather as much information about the best ways to educate each child. IEP's and IFSP's are created by service providers working with children with special needs and include this information. The Keystone STARS Performance Standards require early learning providers to request copies of IEP's and IFSP's for children in their care. The information found on an IEP/IFSP is protected by privacy laws including the Health Insurance Portability and Accountability Act (HIPAA). Releasing of information may also be required when speaking to members of a child's treatment plan.

Your child's growth and development are measured with developmental assessments. If your child currently has an IEP/IFSP, it would be beneficial to share a copy of this plan with us, so we can work together to ensure that the guidelines are put into practice. You do not have to provide this information if you do not wish to do so.

(Check One)

- I am providing a copy of my child's IEP/IFSP
- I am not providing a copy of my child's IEP/IFSP and/or this is not applicable to my child.
